March 24, 2020

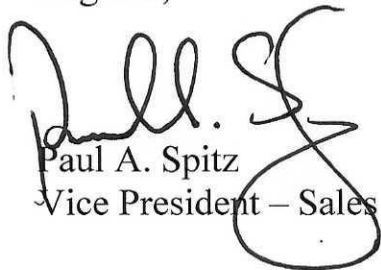

## Unit Forgings COVID-19 (Coronavirus) Update

The Governor of the State of Wisconsin has issued a Stay at Home Order requiring that all non-essential businesses are to close effective March 24, 2020. However, companies aligned with the essential critical infrastructure workforce, as defined by the United States Department of Homeland Security and the City of Milwaukee, WI Health Department, are expected to maintain their normal work schedules. Unit Forgings supplies forged parts that support critical industries including defense, agriculture, construction, energy, and transportation and as such will continue normal business operations.

As the global impact of COVID-19 continues to evolve, Unit Forgings leadership team is closely monitoring the situation. We remain committed to the health, safety, and well-being of our employees and our business partners. We will continue to run our business following guidelines provided by the Centers for Disease Control and Prevention (CDC) and the Wisconsin Department of Health Services. Should circumstances change that would impact our operations or create constraints, we will be in contact with you. We value our business relationship with you and appreciate your flexibility and assistance as we all navigate the challenges of COVID-19.

If you have any questions please do not hesitate to call.

Regards,

Paul A. Spitz

Vice President – Sales & Marketing
